### **Tournament Rules**

- Don't disappear! Plan breaks accordingly. Be ready to play when it's your turn.
- If a ball gets stuck and cannot be shaken free, the glass will be removed and the ball will be placed on your left flipper. The glass will be slid back on, and play will continue.
- Extra Balls are NOT played. They are plunged (You can still go for a skill shot), but flippers are not flipped. If the game has a ball save and no auto plunger, the ball can be plunged again.
- If there is a major malfunction on a game during a round (machine shuts down/resets, flipper quits working, etc) it will be swapped out for another machine at random.
- If a player has to leave mid-tournament, they will automatically receive strikes in future rounds until they are eliminated.
